*Extremely helpful to all type of individuals. It really is basic but excitement inside the 50 % of the pdf. Its been designed in an remarkably basic way and is particularly only right after i finished reading through this book in which basically transformed me, change the way i believe.

My remarks are designed for the literary and illiterate, alike, - for the pious, the moralist, and the indifferent. They aspire no higher than worldly considerations of the weak, nor aim at judging of the precise injunctions or explicit declarations of the Divine Will. They originate only from contemplating the fair face of Nature. The opinions of men unbiassed by prejudice, of those who think justly, will roll in the same channel, and arrive at nearly the same conclusions. Sustained on a firm basis, they will rivet truth, the final purpose of all argument. If the records of history, as delivered from remote antiquity, be not called in to support the evidence of the Divine Author in his works, it is not from depreciating their authority, but from the facility of referring to immediate and patent proof, afforded by the wonderful objects displayed every moment before us. In surveying the vast and magnificent frame of the Universe, the mind is absorbed by admiration. That which bears the impress of the mighty seal of Omnipotent Power, by its magnitude bewilders the reasoning faculties devoted to our lower and humbler condition. It elevates our reflections to heaven. The origin and the source of the smallest portion of the universe overpowers our comprehension. About the Publisher...
