Bold Endeavors: How Our Government Built America, and Why It Must Rebuild Now

By Felix G. Rohatyn

Simon & Schuster. Paperback. Book Condition: New. Paperback. 272 pages. Dimensions: 8.9in. x 6.0in. x 0.7in. Bold Endeavors is a compelling narrative of ten large and transformative events in American history. It is an absorbing journey through the past as we read about determined national leaders - Jefferson, Lincoln, Teddy Roosevelt, FDR, and Eisenhower - who found the will, steadiness, and political acumen to make decisions that were often unpopular but that proved to be visionary - decisions that are the building blocks of Americas destiny. Rohatyn begins with the diplomatic intrigues of the Louisiana Purchase, which doubled the size of the country; moves to the controversial construction of the Erie Canal, which opened a water route to the West; then continues to Lincolns resolute support for the transcontinental railroad, Land Grant colleges, and the Homestead Act; documents the strategy - and ruthless determination - that built the Panama Canal; details the visionary and pragmatic politics that allowed FDR to bring electricity to rural America and use the Reconstruction Finance Act to help pull the country from the grip of the Depression; captures the foresight of national purpose which led to the G. I. Bill, which propelled the nation forward; and...
