Concordia Publishing House. Paperback. Book Condition: New. Paperback. 120 pages. This linguistic analysis of the Chinese language suggests the ancient Chinese were well aware of the God of Abraham. Readers will discover the possibility that the Chinese were a remnant of the Tower of Babel dispersion. The authors start with the observance of some astonishing points of correspondence between certain characters in the Chinese language and elements of the Genesis account of mans early beginnings. They go on to analyze dozens of the ideographic pictures that make up words in the Chinese language. The evidence they compile supports the thesis that the ancient picture writing of the Chinese language embodies memories of mans earliest days. The characters when broken down into component parts, reflect elements of the story of God and man recorded in the early chapters of Genesis. Man and woman, the garden, the institution of marriage, the temptaton and fall, death, Noahs flood, the tower of Babel - they are all there in the tiny drawings and strokes that make up the Chinese characters. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
